Built-in controller support: Play a game inspired by the 16-bit era the way God intended.. FeaturesYou are the dragon: No more heroics, you're just here to steal treasure and hook up with princesses.. or jump in headfirst and defeat them on your skills alone! It's all about the freedom of choice.

I found every special item without help, though some were tricky Don't be fooled by the art style, this is a good game.. At its asking price, it's fine, but don't expect much and you shan't be disappointed.. <http://bit.ly/2zuH2ddMirror> ->>->>->> <http://bit.ly/2zuH2ddAbout> This GameBe a dragon in this beautifully hand-drawn adventure!Dragon's girlfriend has been whisked away by the mean king and only you can help him find her! Use your dragon powers to charge into battle and face off against knights, soldiers, and other authoritarian elements so you can get your ride-into-the-sunset ending.. At its asking price, it's fine, but don't expect much and you shan't be disappointed.

Players from all eras will have fun with DRAGON: A Game About a Dragon Please enjoy this charming and lighthearted tale of friendship, greed, and love, all from the perspective of the dragon.. Please use a Microsoft gamepad English Don't be fooled by the art style, this is a good game.. Hey, dragons deserve those, too Fly, breathe fire, hoard treasure, and watch trashy talk shows all day just like a real dragon..
